

# Be Part Of Washington's History

*W*e are seeking support for several amenities to finish the Borough's streetscape project. As everyone knows, the streetscape is underway. The centerpiece of this project, located at the crosswalk, will be an antique replica 4-sided "Seth Thomas" 16 1/2' tall clock, standing on a granite base. This should be a wonderful final touch to the streetscape.

In addition to the clock we anticipate including some additional amenities that couldn't be included in the original streetscape budget, such as safety and security initiatives, planters, trash cans, recycling cans, cigarette urns, and bicycle racks.

The Washington Business Improvement District is organizing a fund drive to defray the costs of purchase and installation by offering local businesses, organizations, and individuals an opportunity to have their names permanently associated with these beautiful items. Future generations in Washington will be able to see the names of those who participated.

We encourage everyone to be a part of what will become part of Washington's proud heritage. For further information call the BID office at **908-689-4800** or fill out the form below and mail with your check to:

**WBID, 21 Belvidere Ave., Washington, NJ 07882**

## *Yes, I want to be part of history*

*Check box indicating contribution level*

- \$2,000 A 5" x 5" bronze plaque mounted on the clock's base - 4 lines of 28 characters
